

**National Interagency Coordination Center
Incident Management Situation Report
Tuesday, September 3, 2013 – 0530 MT
National Preparedness Level 3**

National Fire Activity

Initial attack activity:	Light (90 new fires)
New large fires:	4 (*)
Large fires contained:	0
Uncontained large fires: **	24
Area Command Teams committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	4
Type 2 IMTs committed:	7

** Uncontained large fires include only fires being managed under a full suppression strategy.

Two MAFFS C-130 aircraft from the 145th Airlift Wing (North Carolina Air National Guard) and one from the 153rd Airlift Wing, (Wyoming Air National Guard) are supporting wildland fire suppression operations out of McClellan Air Park, CA. Two MAFFS from the 146th Airlift Wing (California Air National Guard) are supporting wildland fire suppression operations out of Channel Islands Air National Guard Station, CA.

Southern California Area (PL 4)

New fires:	22
New large fires:	0
Uncontained large fires:	4
Type 1 IMTs committed:	2

Rim, Stanislaus NF. Unified command between IMT 1 (Wilkins and McGowan) and Cal Fire. Two miles northeast of Buck Meadows, CA. Timber and brush. Active fire behavior with running surface fire, crowning and spotting. Community of Pinecrest, power lines and Hetch Hetchy watershed threatened. Evacuations, road and area closures in effect.

Fish, Sequoia NF. Twenty-five miles northeast of Springville, CA. Timber. Minimal fire behavior.

Windy, Tule River Agency, BIA. Twelve miles east of Springville, CA. Timber and brush. No further information received.

Windy Peak, Sequoia & Kings Canyon NP. Fourteen miles north of Cedar Grove, CA. Timber and brush. No new information.

Northern Rockies Area (PL 3)

New fires: 14
New large fires: 4
Uncontained large fires: 8
Type 2 IMTs committed: 3

Miner Paradise Complex (three fires), Gallatin NF. IMT 2 (McBratney). Nineteen miles southwest of Livingston, MT. Timber and grass. Backing fire with single tree torching. Residences threatened. Road and area closures in effect. Precipitation occurred over the fire area yesterday.

Lolo Creek Complex (two fires), Southwestern Land Office, Montana DNR. Eight miles west of Lolo, MT. Timber and grass. Interior creeping and smoldering. Power lines threatened.

Rock Creek, Custer NF. Transfer of command from IMT 2 (Pearson) back to the local unit will occur today. Five miles southwest of Red Lodge, MT. Timber and brush. Smoldering. Last report unless significant activity occurs.

Gold Pan Complex (two fires), Bitterroot NF. Thirty-five miles southwest of Conner, MT. Timber. Active fire behavior with short crown runs. Numerous structures threatened. Area closures in effect.

* **Beaver Creek**, Beaverhead/Deerlodge NF. IMT 2 (Hutton). Eighteen miles northwest of Wisdom, MT. Timber. Interior burning with torching with short runs and long-range spotting.

* **Harry's Flat**, Lolo NF. Fifteen miles east of Stevensville, MT. Timber. Backing fire with occasional torching. Last report unless significant activity occurs.

* **Mount Two Top**, Gallatin NF. Eight miles southwest of West Yellowstone, MT. Timber. Creeping and smoldering. Structures and power lines threatened. Precipitation occurred over the fire area yesterday.

* **Mission Falls**, Flathead Agency, BIA. Six miles east of St. Ignatius, MT. Timber. Smoldering with single tree torching. Last report unless significant activity occurs.

Predictive Services Discussion: Scattered showers and thunderstorms will form over the Northwest, northern Rockies and the northern Great Basin. Widely scattered thunderstorms will develop mainly over the higher terrain of central Nevada, southern California, and the Four Corners states. Scattered thunderstorms will form along the Gulf and Atlantic coasts from Louisiana to Maine. Mild to warm temperatures will continue in the Northwest, northern Rockies and northern Great Basin, with very warm conditions in the southwest deserts. The Plains and the Southeast will remain warm to very warm, with mild conditions around the Great Lakes to New England.

<http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

UNINFORMED ON STRATEGY, TACTICS OR HAZARDS

Fireline Safety Category

Firefighters who are uninformed on strategy, tactics or hazards are in conflict with Watchout Situation #5. Before going to the fireline, it is imperative that firefighters obtain information about strategies, tactics or hazards by asking themselves the following questions:

- Can communications be established to find out strategy, tactics or hazards? Discuss ways you might establish communications; for example, contacting someone who is already on the fire and asking them what tactics and strategies are working or not working, what hazards they have witnessed, etc.
- Can scouting safely identify potential hazards? Talk about different methods of scouting a fire (e.g., using a lookout from your crew or sending a line scout ahead, utilizing air attack or the spotter on a smokejumper airplane). Discuss what types of hazards you might come across and ways you would mitigate them. For example, arriving at a fire after dark and a being instructed to dig line downhill with the fire below. How could you make this a safe situation?
- Have strategies, tactics or hazards changed since last informed? Discuss situations that might alter the way you are fighting a fire (e.g., wind shifts, resources you expected don't arrive, etc.). Also, think about what new hazards can develop while you are on the fireline (e.g., roots burning out and trees coming down, winds shifting direction and speed, etc.)
- Can you get a briefing from your supervisor? Talk about the importance of constant communications and ensuring firefighters are on the same page with strategies and tactics. For example, if one crew decides to do a burnout, but doesn't let the crew at the other end of the line know what they are doing, then what can happen?
- To reduce the risks:
 - Post lookouts.
 - Determine escape routes and establish safety zones.
 - Consider retreating until you are informed.
 - Don't leave a staging area or operational briefing until you have all the pertinent information. Emphasize ways to inform firefighters about strategies, tactics and hazards. Tell a story about when you were uninformed and what you did to correct the situation so that you were safe.
 - Get the national standard Incident Response Pocket Guide standard briefing
